

BRONX LINE UPGRADES

The Bronx Group Bronx provides a first class upgrade service for existing process lines. Upgrades typically fall into the following areas:-

- Safety
- Quality
- Productivity
- Environmental

If you would like to discuss an application or would like us to carry out a line audit, engineering study or need an inspection visit, contact us.

Further information on this service and to view our upgrade case studies can be found on our website.

For more information on our range of services, please contact our Sales team or Sales Office
